	South East of Hoai Nhon district (inclusive of 4 communes: Hoai My, Hoai Hai, Hoai Xuan, Hoai Huang)			3,521,000	2	

Note: (*): Kindly propose not priorities for the first ranked subproject of Quang Binh province, due to the scattered population density and the high cost for the investment (Please refer to the assessment report on potential subproject selection for Batch 2 and 3 of Quang Binh province).

(**): Kindly propose the priorities for the second ranked subproject due to the scarce water source, especially, in dry season. The first ranked subproject has had the water supply system for a portion of population in the area. (Please refer to the assessment report on potential subproject for Batch 2 and 3 of Binh Dinh province).
